Kiki & Marina: Boom, boom. Yeah, yeah.

Boom, boom. Yeah, yeah.

Band: Come one, come on lets play, music the Fresh Beats way.

Hit the beat. Boom, boom. And repeat. Boom, boom.

Oh come one lets play. Its time to take it away.

A happy beat is the perfect way, to kick off a perfect day.

Chorus: Sun is always brighter when theirs music in the air. Step is always lighter when you got a song to share. Music makes your body sway and takes the blues away. Groovin helps you dance through life.

So, come on lets play. Come on, lets play.

Band: Come on, come on lets play. Put some rhythm in your day.

Get the beat. Boom, boom. And repeat. Boom, boom.

Oh come on lets play. Let the music carry you away.

A happy beat is the perfect way, to kick off a perfect day.

Chorus: Sun is always brighter when theirs music in the air. Step is always lighter when you got a song to share. Music makes your body sway and takes the blues away. Groovin helps you dance through life. So, come on lets play.
