Well it was midnight when I called you
I wanna waste another dime
I have to hear your sweet voice honey
Breathing down the line
And Reagan's on the T.V.
And he's staring back at me
I have to have another drink
My brother's in a fight with me

And Georgia wants to screw George
She'll have to use her finger tonight
She's a poor frustrated Greek girl
It's gonna make her scream and riot
Well it was midnight when I called you
I wanna waste another dime
I have to hear your sweet voice honey
Breathing down the line
