"Look At The Heart"

Visit "[Look At The Heart](#)" on MotoLyrics.com

You say I have to go
So my appearance isn't fit?
Now that you're video taping
Gotta know what's under it

For years it was tolerable
Now you're afraid someone might see
There in your congregation
Could it possibly be?

Man looks at the outside
God looks at the heart
Don't judge according to appearance
Judge with righteous judgement

Do not hold the faith
Of the Lord of GLory with partiality
And become judges with evil thoughts
Love your neighbour as yourself

If you show partiality you sin
If you show partiality you sin

By delusions of grandeur
You cannot control
Who the Almighty
Joins to Israel

Just cuz someone's a leader
Don't swallow everything they say
They call Jahovah 'king'
To assume their own throne
