"Praise Before Battle"

Praise before battle
We are more than conquerors through You
Praise before battle
To receive victory

Why do we struggle with our own devices
When His arm is outstretched
Call on the Master at
Putting broken pieces together

In this fight for truth and right
Win by His spirit not our might
His word is a weapon
And great ammunition

Be strong and courageous
Not afraid or dismayed
The Lord our God is with us
To fight our battles

Fear not He is with us
In the furnace of affliction
He remains beside us
Refining us for great blessing
