Oh, oh

They say in this world nothing last for ever,
But I don't believe that's true,
Cause the way that I feel
When we're together I know that's the way I'll
always feel for you,
From now until forever, that's long I'll be true,
I'll make you this vow and promise you from now
until forever,
I'll never stop loving you,

They'll come a day when the world stops turning,
The stars will fall from the sky,
But this feeling will last when the sun stops burning,
All I want to do is love ya till the end of time,
From now until forever, that's long I'll be true,
I'll make you this vow and promise you from now
until forever,
I'll never stop, never stop, I'll never stop loving you,

It's gonna take more than a life time,
To give you all the love, all the love I feel for you,
From now until forever, that's long I'll be true,
I'll make you this vow and promise you from now
until forever,
I'll never stop, never stop, I'll never stop loving you,

From now till (oh, oh)
(Repeat till song ends)
