Ooh, ya, drop down baby, letcha' daddy see, yeah

Drop down, mama lay your, just dream of me

Well, my, mama allow me

I fool around all night long

Well, I may look like I'm crazy

I should know right from wrong

See me comin', throw your man out the door

Ain't no stranger, done been this way before

See me comin', mama, throw your man out the door

I ain't no stranger, I been this way before

Put on your night shirt and your morning gown

You know by that I'm gonna', shake 'em on down

Put on your night shirt

Mama, and your morning gown

Well, you know by that I'm

Surely (gonna) shake 'em down

Shake it, shake it

Ooh, you're custard pie, yeah, sweet and nice

When you cut it, mama, save me a slice

Your custard pie, yeah

I declare, it's sweet and nice

I like your custard pie

When you cut it, mama

Mama, please save me a slice

Oh!

Chew on a piece of your custard pie

Chew on a piece of your custard pie

Chew on a piece of your custard pie

Chew on a piece of your custard pie

Drop down

Drop down

Drop down

Drop down

Drop down, yeah

Drop down

Drop down

Chew on a piece of your custard pie

Chew on a piece of your custard pie
