Silent woman in the night, you came  
Took my seed from my shakin' frame  
Same old fire, another flame  
And the wheel rolls on  
Silent movies through the flames, you come  
From the flames behind the sun  
Kiss my nightmares, my lovin' girl  
Left me barely holdin' on, oh... oh  
With blazin' eyes I see my tremblin' hands  
When we know the time has come  
Lose many senses, lose command  
Feel your healin' rivers run  
'Y's it every time I fall  
That I think this is the one  
Ooh, in the darkness can you hear me call  
Another day has just begun... another day, yeah  
Ooohh...  
Sud'en'y all of my face is changed  
Some know the way it's become  
Feel my fire needs a brand-new flame  
And the wheel rolls on

Rolls on

Rolls on

Rolls on,

Eunhunhwhoauhohh
