We tried to sleep up in the banks of snow  
But soon discovered it was far too cold  
So we then retreated into town  
To find a place where there was level ground

Oh oh, call home  
And oh oh, call home

[Chorus]

And oh, oh Switzerland  
You've taken way my breath now once again  
You've left me with a sense of compassion  
For the ones who  
Can't pick themselves up off the ground

Oh Switzerland  
I never thought I'd have you as a friend  
I'm praying it was not at all pretend  
I need you now  
To help pick me up from off the ground

Our drinks were hardly worth the price we paid  
But we thanked God for them anyways  
And with five minutes left we broke our backs  
To spend more money than either of us had

Oh oh, call home  
And oh oh, call home

[Chorus (x3)]

And oh, oh Switzerland  
You've taken way my breath now once again  
You've left me with a sense of compassion  
For the ones who  
Can't pick themselves up off the ground

Oh Switzerland  
I never thought I'd have you as a friend  
I'm praying it was not at all pretend  
I need you now  
To help pick me up from off the ground
