Too scared to argue. Too scared to look away
Too scared to question. Too scared of what she'll say
to him

He never was a proud man. He'll always try to
understand

And he won't hate, he'll just hesitate
He is the man who loves the woman

Warmer than the Sun, colder than the rain, wilder than
the wind she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is

He dares to catch her eye. He dares to hold her tight
He dares to kiss her. He dares to walk the night with
her

He never was a brave man. He always needed pressing
on

He will resign, he won't step out of line
He is the man who loves the woman

Warmer than the Sun, colder than the rain, wilder than
the wind she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is

And its mostly true what the letters have said to him
But he lingers on and on and on where angels fear to
tread

He knows. He knows she is

He knows. He knows she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is

Warmer than the Sun, colder than the rain, wilder than
the wind she is
