Let's call in all our favors in the final hour
And throw in all our chips along the way
Is this a good-bye
Is this the ninth life, my friend?

Is it better to be honest and be unknown?
Will we break from this addiction if we come home?
This is the last straw
This is the ninth life, my friend

Let's fall in love,
All over again
And if it's love that you want
Just tell me the where and the when

We've been fighting since we time we heard the bell
ring
And we've wiped the living daylights from our face
Is this the last round?
Am I the right man, my friends?

Let's fall in love,
All over again
And if it's love that you want
Just tell me the where and the when
Let's fall in love,
All over again
And if it's love that you want
Just tell me the where and the when

Do you remember what it feels like when a bee stings?
You wonder what it was she was accomplishing
Well, this is a real life
Cut with a pocket knife, my friends

Let's fall in love,
All over again
And if it's love that you want
Just tell me the where and the when
Let's fall in love,
All over again

And if it's love that you want
Just tell me the where and the when
