Listen boy, I just don't get it  
I met her once and I can't forget it  
Let her down and you'll regret it

Though it's true, yes it's true  
I can't tell you what to do  
But if I were you I'd take her  
Take her and I'd make her  
You gotta take that girl  
And make that girl your own

As the midnight hour advances  
You still let her take her chances  
Don't ignore her anxious glances

Can't you see, can't you see  
What a fine thing she could be  
Just go to her and hold her  
Love her, cheese her, scold her  
You gotta take that girl  
And make that girl your own

She won't have a hidden sorrow  
When the daylight comes tomorrow  
She'll have dreams that you can borrow

So don't you be a fool like me  
Don't pretend you just can't see  
Just go to her and get her  
I don't think that you'll regret her  
You gotta take that girl  
And make that girl your own

You gotta take that girl your own  
You gotta make that girl your own
