You're moving, keep climbing.
You're moving, keep climbing.
You're wonderin'
(You're moving, keep climbing.)
What's on your mind
(You're moving, keep climbing.)
It's the one keystone people keep trying to find
(You're moving, keep climbing.)
(You're moving, keep climbing.)
The state of mind that puts you there
And evolution's everywhere,
it's creeping back from the affair.
So leave! Leave! Leave!
Leave your body behind.
Leave, Leave, Leave!
Leave your body behind.
Yes, yes, yes,
You can always come back
To live the desire you want on your track
Live the love that gives it's return
The higher you're livin', now, the purer it burns.
So keep climbin'
(Ooo, that energy's higher)
Keep on climbin'
(Your sun catches on fire)
Keep climbin' and bathe in the sun
The dawns and the darkness
Watch, the journey's begun
Remember, remember, Why can't you remember?
Remember that we're fallin'
Indifference from the love
It's only habit circumstance that fits you like a glove
Remember, that we're callin' in every cast to learn
It's spoken in the voices of the holy sound you earn
You've got to remember, remember.
You're form' can move,
You're shape is composed of edges.
You're form you can move,
Edges and ridges of your own energy!
Your own energy!
Your own energy!

Just a motion you feel.
(You're moving, keep climbing.)
And you're wonderin'
(You're moving, keep climbing.)
Who searched for this?
(You're moving, keep climbing.)
Only higher resistant consciousness and bliss
(You're moving, keep climbing.)
By feeling more love for the sense world you're seeing
You raise sense your income and your level of being
By finer and finer,
And finer agreeing you Leave!
Leave, Leave!
Leave your body behind!
Leave, Leave, Leave!
Leave your body behind!
Yes, yes, yes attention comes back
You focus on anchors,
You have what you lack.
Live the love each thought form returns.
Graze in the judgement of the ether that burns!
So keep climbin'
(Ooo, your energy's higher!)
Keep on climbin'
(Your sun catches on fire!)
Keep climbin'
The sun fills so soon
And gathers the clouds into a heavenly moon.
Remember, remember, Why can't you remember?
Remember we're bombarded,
The downpour of the word.
The outside means lock us in so all else seems absurd.
Remember things regarding,
Are terminals like you.
For terminals discharge against each other,
And balance syphoning through.
You've got to remember!
Remember!
You're form' can move,
You're shape is composed of edges.
You're form you can move,
Edges and ridges of your own energy!
Your own energy!
Your own energy!
Just a motion you feel.
(You're moving, keep climbing.)
(You're moving, keep climbing.)
And you're body and mind are one.
(You're moving, keep climbing.)
Your heart like cool ashes,
(You're moving, keep climbing.)

The life sprays through your nipples eyes
Like ribbon through your lashes.
It ripples down with your heart's clear
you're mixed in two,
The poisoned ear.
The love you feel is love you hear.
You leave!
Leave! Leave!
Leave your body behind!
Leave! Leave! Leave!
Leave your body behind!
Remember, Remember, Remember, Remember
Keep on climbin'
Keep on climbin'
