Chorus:

Whoa
The cops are coming
Whoa
Can I hide in your shed?
Whoa
The cops are coming
Whoa
Can I step inside
Inside

Verse 1:

Why would the cops be chasing you?
(Done nothing wrong, Just want to see my son)
You've got blood on your hands
(God only knows, God only knows)
I can't hide you here, I won't become your accomplice
You better run, You better go
You better run, You better go

Chorus:

Whoa
The cops are coming
Whoa
Can I hide in your shed
Whoa
The cops are coming
Whoa
Can I step inside
Inside
Inside

Verse 2:

Everything seems so surreal
(Its all a lie, It's all a lie)
Blood splattered on the green
(It's just an elk, It was only an elk)
Everything seemed like folklore, This isn't what I
signed up for
Please help me out, Please help me out
Please help me out, Please help me out

Chorus:
Whoa
The cops are coming
Whoa
Can I hide in your shed
Whoa
The cops are coming
Whoa
Can I step inside
Inside
Inside
