

The Magnificent "Smoke & Fire"

Hey, I nearly lost my head
I couldn't hear a word you said
In my defence, the way you look tonight
There's no way I can hold myself

It's you to blame, you're looking just so right
My knees go weak as you shine your light
And I know that I should keep it down but
I never thought I'd ever see anything like you

I could make you happy
I should be so lucky this time
I'd never let you go, at least tonight

There's no smoke without a fire
No flame without a spark
So give me a sign
There's no heat without desire
I'm trembling in the dark
So give me what's mine

Hey, now let me tell you straight
No I ain't looking for a date
'Cause you know what I want from you, 'cause
I never thought I'd ever find a girl like you

I could make you happy
I should be so lucky this time
I'd never let you go, at least tonight

There's no smoke without a fire
No flame without a spark
So give me a sign
There's no heat without desire
I'm trembling in the dark
So give me what's mine

I could make you happy
I should be so lucky this time
I'd never let you go, at least tonight

There's no smoke without a fire
No flame without a spark
So give me a sign
There's no heat without desire
I'm trembling in the dark
So give me what's mine

There's no smoke without a fire
No flame without a spark
So give me a sign
There's no heat without desire
I'm trembling in the dark
So give me what's mine
