[Talking]

Yeah, you know how it is to be wanted  
When you doing your thang, these haters want ya  
The laws want ya, bitches want ya co-tail niggaz

[Hook]

My partnas taking shots at, haters sending cops at me  
Bitches wanna knock, hoping niggaz on the block wet  
me

[Magno]

Everywhere I go, it's like I got a new hater  
Sometimes I wanna pull the trigger, then watch the  
news later  
See I'm the new flavor, too strong for they taste buds  
Who roam with the 8 snub, but too grown for these fake  
thugs  
I got a great buzz, it ain't even come from sipping  
liquor  
I'd rather spit a litter, then get to flipping figgas  
See I'm that lil' nigga, hopping out the whip with the  
Full body dickie suit, hoes say I'm slick and cute  
And that's before they even see, what the dick'll do  
Open zipper close zipper, got 'em playing peek-a-boo  
Now they niggaz mad, saying I'm despicable  
I'm sorry I'm not a fag, I did what any dick would do  
I gotta spit a few, let 'em know I mean bidness  
Pull up in green 6's, crack the window scream bitches  
It could get evil, like the sign with the three sixes  
Hypnotize their mind, as if I signed with the Three 6's

[talking]

Magno yeah, yeah man they don't care how they get  
me  
They just want a nigga, dead or alive mayn  
Peep the second verse

[Hook]

[Magno]

I hit Detroit, just to floss with the Pistons

And my bitches do more sucking up, than bosses  
assistants  
Like the cost when I'm spending, rep the Nawf till I'm  
ending  
And this time around, I'm the boss in it pimping  
Wildlife Records, CEO  
This the hottest I done dropped, watch my c.d. blow  
While you flossing spinning hubs, on your G-E-O  
I'm pulling up to the club, with my TV's low  
I told my pops, I'm bout to blow like a grenade  
Pappy and that's some'ing I can't avoid, like teenage  
acne  
Head buster, we could replace Scrappy  
And I don't trip, cause my fan base is teenage daddy  
The old Heads know, I'm the newest prodigy  
So respect I show my naked, like a nudist colony  
I'm even hot, on the side that you live  
Bout to cop my sis a doll house, the size of your crib  
But I don't trip, I ain't the type that like to flaunt it  
Fuck the fakers fuck the haters, by them I'm most  
wanted yeah

[talking]

Yeah, I'm wanted man  
These niggaz don't care, if they catch me in a sewer  
man  
I'm just wanted, you know I'm saying

[Hook]

[talking]

Yeah, and that's how it is man when you wanted  
I mean these niggaz can catch me, on another fucking  
comode dog  
Dead or alive, they don't give a damn mayn  
When you doing some'ing good, that's when you  
wanted  
If they talking bout ya, it's some'ing good about ya you  
know I'm saying  
We need the haters you know I'm saying, that's the only  
way we can make it  
Without haters it wouldn't be no players, that's game  
right there  
Magno ya heard, New Print baby Collection Plate Part 2  
coming soon yeah...
