"Green Pen"

I used to think that blue pens were cool
Well I was such a fool
Green is really the best
So lets put it to the test

I wanna say hi to my honey
He is the easter bunny
He hips and hops all day long
And breaks it down to Zinno's song

You may laugh at my rap
Cuz you think I'm full of crap
Well don't mess with me or Special K
Just get outta our way

Corey used to be my man
But he stopped being a fan
So hes gone and I don't care
I'll pull down your underwear.

To state my place once again.
I love to write with my green pen.
And say What up to Ben.
Now I will press send.
