Who knows what tomorrow brings
In a world, few hearts survive
All I know, is the way I feel
When it's real, I keep it alive

The road is long
There are mountains in our way
But we climb a step every day

Love lift us up where we belong
Where the eagles cry, on a mountain high
Love lift us up where we belong
Far from the world we know
Up where the clear winds blow

Some hang on to "used to be"
Live their lives looking behind
All we have is the here and now
All our life's out there to find

The road is long
There are mountains in our way
But we climb a step every day

Love lift us up where we belong
Where the eagles cry, on a mountain high
Love lift us up where we belong
Far from the world we know
Up where the clear winds blow

Time goes by
No time to cry
Life's you and I, a life today

Love lift us up where we belong
Where the eagles cry, on a mountain high
Love lift us up where we belong
Far from the world we know
Up where the clear winds blow

Love lift us up where we belong

Love lift us up where we belong
