I saw a little bird  
as he was passing by  
Up in the sky  
He made his way

He told me what he heard  
believed your alibis  
He must have made  
the same mistake

Now who do you think you are  
Comin here  
You only bring me down

I know just what you are  
Have no fear  
You'll never bring me down  
You'll never bring me down

No, no one ever made  
the sunny skies so gray  
Or found the end  
before we began

As the days escape  
Left burning in the shade  
I'll fly away  
just as fast as you ran

Now who do you think you are  
Comin here  
You only bring me down

I know just what you are  
Have no fear  
You'll never bring me down  
You'll never bring me

Now who do you think you are  
Comin here  
You only bring me down

I know just what you are  
Have no fear  
You'll never bring me down  
You'll never bring me down
