"Dead Or Alive"

Struggling my way across the night
walking a street that has no light
But I know what I am here for
My razor is shining in the dark
nothing can hide away the sparks
And I know what I am here for

What if we want this
To be forgotten

I wanna watch you bleed
Want you to beg the sky
Descending angels takin' you to hell and back
I want you down on your knees
I want you dead or Alive
I wanna watch you cry
Your smile will be a lie
Don't ever under estimate four burning hearts
I want you down on your knees
I want you dead or alive

Trusted your words they took me here
Told me to win to feel no fear
This time You cannot escape me
Blood puts a face on what I feel
A painting that I enjoy to see
This time you cannot escape me

Want you to know
what it feels like to
