Naked body full of open scars
Dreamin' eyes are glancing for the stars
Dirty make-up Ready for a fight
See me I'm the light in a pitch black night

Like a red infection on the street
Come On Make me famous come on Please

Im so high can't you see me?
X-Generationized
My mind is paralyzed
I scream out can't you hear me?
X-Generationized
A psycho paradise
I'm raising hell can't you feel it?
Just a minute of white light, baby
I Wanna fake my life
X-Generationized

VIP and late night TV-shows
All I see that glitters must be gold
Glorify my life with high expense
Hear me in the cold and smashing rain

Watch me I'm lookin good
Just posing as I should
Say hello to the camera Here I go
A public faking smile
React and comment my style
