You're better off you said if we would stay apart
The letters that we sent, they don't reflect our hearts
So when I'm in town, I'll try to stay away
You're beautiful girl, it's all I have to say

So I tonight will try to stay away
So hard tonight, to let you get away

You're trying to set me up to be a broken man
I know you are the kind that likes the upper hand
So when I'm in town, I'll try to look away
You're evil you know, I wish you weren't that way

So I tonight will try to stay away
So hard tonight, to let you get away
[x2]

Oh yes I'll be around, you'll see me one day
The further we are, the better off we'll say
It's cancer to our bones, to live like they say
You're better off alone, than with someone you hate
