"Saturday Night"

Visit "[Saturday Night](#)" on MotoLyrics.com

Ocean tides are low
The moon's good for sailing
Lovers on a boat
The water surrounds them

Aye aye, oh oh
The captain is waving the night that's coming
Aye aye, oh oh
Together we're sailing into the darkness

When should the sun go down
On a Saturday night?
When should the sun go down
When the moon is bright?
[x2]

Ocean tides are low
The moon's good for sailing
Lovers on a boat
The water surrounds them

Aye aye, oh oh
The captain is waving the night that's coming
Aye aye, oh oh
Together we're sailing into the darkness

When should the sun go down
On a Saturday night?
When should the sun go down
When the moon is bright?
[repeat]
