George Washington was the president
But now he's dead (dead)
Mackenzie King was Prime Minister
But now he's dead (dead)
So don't go into politics
You'll end up dead
Don't go into politics
You'll end up dead
Offenheimer built the bomb
But now he's dead (dead)
Einstien was very very smart
But not enough not to be dead (dead)
So don't go into science
You'll end up dead
Don't go into science
You'll end up dead
And don't go into politics
You'll end up dead
Don't go into politics
You'll end up dead
Jimi Hendrix, Janice Joplin, Brian Jones, Keith Moone,
Jim Morrison, Roy Orbison,
John Lennen, Bob Marley, Leonard Bernstien, Elvis
Presley
Well, we're not too sure about Elvis
But I think you get the point

Don't go into music
You'll end up dead
Don't go into music
You'll end up dead
And don't go into science
You'll end up dead
Don't go into politics
You'll end up dead
Break it down
You'll be burned, you'll be fried
You'll be buried alive
And there's no hope thinkin'
That you're gonna survive
'Cause there's the drowning and choking
And cancer from smoking

And smothered while sleeping
And blood will start seeping
So I have found, you'll end up in the ground
And you'll be dead
So I have found, you'll end up in the ground
I wish there was an option instead
But you'll be dead
Dead
Maybe with a bullet in your head
But you'll be dead
Dead
Very, very, very, very, very, very, very, very dead
