As a small baby Each time I cried  
My mother came to me  
To ease my worries and calm my fears  
with a sweet melody

I remember hearing the sound of her voice  
As I screamed in my drool and my pee  
She'd slug back some whisky  
light up a smoke  
and gently sing to me

Go to sleep little leech  
You sucked mama dry  
Made her more crazy  
With every cry  
Why weren't we more careful  
that night on the beach  
Go to sleep  
Go to sleep little leech

I grew into a terrible teen  
And ate all of my parents food  
Stole all their liquor, broke their antiques  
Wore stupid clothes and was rude

One night I drove the car home  
Covered in vomit and missing a door  
But my dad didn't yell he just smiled and he said  
"Son you don't live here no more!"

Go to sleep little leech, you've sucked us bone dry  
Stolen our money and will to survive  
But you're old enough to kick out on the street  
Go to sleep, go to sleep little leech  
(go to sleep.. go to sleep)

Now I'm a father with my own child  
Who screams and screams and screams  
He screams and screams and screams and screams  
and screams and screams and screams and screams!  
I'm up at 11, at 2 and 4

And all I can do is yell is WHY?  
And I swear that I hear my mom laughing at me  
As I sing that lullaby

Go to sleep little leech, you're driving me mad  
Sometimes I dream that I'm not your real dad  
It's 5 in the morning I work in the day  
Go to sleep little leech or get sold on ebay

Go to sleep little leech everyone tells  
me your an angel, but I know you're from hell  
How else could 9 pounds six ounces make such a  
screech?

Go to sleep, go to sleep  
Go to sleep you little creep  
I beseech ye! Little leechy  
(go to sleep.... go to sleep)  
Go to sleep please
