I don't give a fuck

I've got my art, my books, my life. Your art? Yeah, I
don't need that

I think I'm cool but I'm not cool and that guy is
I don't like you, you don't like me, and I like that, but I
think that

I want to laugh and make you laugh but I can't tell

I think your friends would hate my friends

I could break you, you could break me, we could do
that but I think that

My robot can kill your robot with the power of my mind
I know your pain and share your pain, let's have soup
together

I'll lift a rock and kill the world and then we'll have lunch

I think your friends would hate my friends

The key is a code and I locked it at the Etap
There is no manager but Rob thinks he knows
I think that was a joke, that only we know, so I'm sorry
Our world is so insular and I think it shows

I think your friends would hate my friends

It was 5:05 and 6 and 7 and 4 and I remember
And you can have a drink on me, but I won't be there
I've got my mind, my dreams, my life, your mind, yeah,
I don't need that
What is that face? Oh it's your face. You're cool. It
shows

I think your friends would hate my friends

I think your friends would hate my friends
