Scars dont heal overnight  
Out of mind, out of sight

You're such a freak

New things always shine  
Lose things, well that's fine

You're such a freak

Go on get your coat and  
Cover up yourself  
You're a disgrace  
Barely even human  
Body parts  
Will give yourself away

Lights make traps for flies  
Fools buy death's disguise

You're such a freak

Go on get your coat and  
Cover up yourself  
You're a disgrace  
Barely even human  
Body parts  
Will give yourself away
