If your hearts burnin' up
Turn it up
If your soul has really got a fever
You got it
Come on grab your cup
Fill it up
You got every little thing I need and
I want it

When you go I miss you so, where'd you go?
When you leave it kill me slow, where'd you go?
But I guess you'll never know how much you leave me
burning burning

Ooooooooooh my heart is on fire,

Struttin' down the street
Feel the beat
Move your feet
If your body's moving
You got it
If you like the beat
I repeat
We should really get together
Come on let's get started

When you go I miss you so, where'd you go?
When you leave it kill me slow, where'd you go?
But I guess you'll never know how much you leave me
burning burning

Ooooooooooh my heart is on fire,

So let your rain come down,

When you go I miss you so, where'd you go?
When you leave it kill me slow, where'd you go?
But I guess you'll never know how much you leave me
burning burning

Ooooooooooh my heart is on fire,
