Don't know exactly how I'm gonna tell you this  
But if you close your eyes and I'll give you my special  
kiss  
'Cuz gravity is just a thing from yesterday  
A paradise right of the coast  
The ultimate get away

When it seems that your sanity's just out of reach  
We can leave it all behind just leave it  
It right here the beach  
With my kiss you know that I can lift us both off the  
sand  
I got the universe at my command

So take my hand and we'll fly oh, oh, oh  
Over the ocean  
Just take my hand and well fly  
Over the ocean

There's a place we can hide up in the stratosphere  
We can see the world better from the atmosphere  
It's kind of feeling that can't find anywhere  
It only really happens if you love take you there

Up and down and all around  
Forget what you're thinking  
If you lose a little faith  
The ship will start sinking  
If you believe that you can lift us both of the sand  
You got the world in the palm of your hand

So take my hand and we'll fly oh, oh, oh  
Over the ocean  
Just take my hand and well fly  
Over the ocean

So take my hand and we'll fly oh, oh, oh  
Over the ocean

So take my hand and we'll fly oh, oh, oh  
Over the ocean

So take my hand and we'll fly oh, oh, oh  
Over the ocean
