Chorus

If you love me
I'll be there for you
If you need me
I will carry you through x2

Verse 1

He came to me
Singing the most lovely melody
And made me see
A new land in such perfect harmony
Oh all the time we spent together
Makes my heart feel so much better
I wanna stay with him forever
Share my tears and all my pleasure
Oh when I think about
How lonely I would be without his love
He says these words to me

Chorus

Verse 2

So many times I've tried
To make the most out of my life
Thought that I could hide
Someone was missing by my side
Oh how he reads my mind
Knows how I feel deep inside
So for him
I know that I can sing
