Chorus

Oh girl you make me spend all night kissing and  
squeezing my pillow  
Oh girl so I spend all night peeping through the window  
As if I hear your voice when the wind blow.

Verse 1

I was waiting for you like I got nothing to do  
Come and make my dreams come true  
I was going in and out searching all about  
Where can I find my spouse?

I call you on the phone to tell you am alone but you  
never know  
How much I need you on my throne I want you to be my  
own.  
Don't you know I care for you?  
And I know I can carry you through.  
So come there is a lot to do  
Only for you and me.

Chorus

Verse 2

Thinking about you gladdens my heart  
Talking to you gives me unending joy  
No one will ever tear us apart  
What God put together no man can destroy

One minute away is like a hundred years  
Come wipe away my tears  
I could not forget the first time we met  
Your touch was like magnet  
Is a cold night and I need you to make things right  
Come on to me, I will give you my love cant you see.

Chorus
