Chorus

Lord I pray on my way  
That you guide me every day  
Never let them conquer me.

Verse 2

In God I put my trust I shall not be afraid  
I have to put him first; he gives me my daily bread  
My soul waits patiently for the lord he is my shield  
The road may narrow or broad his presence I can feel.

Chorus

Verse 2

Let me not be put to shame cos I call on your name  
I proclaim your goodness you give me mercy and  
happiness  
He is my resting place forever  
His wisdom I discover  
He has become my salvation so I can sing this song.
