Verse 1

Sometimes life treats you too bad
You got to stand your ground, clear your head, don't
be sad
You can have all that you need
Say who you want to be it depends on what you see
Keep good thoughts in your mind
Just let it stick some time
Who will search surely finds

Don't fall down
Keep it up the good faith
Keep moving towards the light ahaaaaaaaaaaaaaa
(Happiness is tough to find, but keep this on your mind)

Chorus

I will never give it up
Never ever, never ever, never ever give it up x4

Verse 2

Take good care of your friends
Don't turn your back to help and you can get another
chance
Go and give a little more
Be patient and stay strong your reward will come for
sure

Once you calm down
Don't let them take your dream
Keep moving against the streams ahaaaaaaaaaaaaaa
(And soon you'll see how easy it can be)

Chorus

Middle 8

Stand firm and hold your head up high
Faith can move mountains

Stand firm and keep that picture bright
You can make it don't just try, make it right

Chorus
