#### Chorus

Oh!! Nina invite you for a special dinner tonight.  
Oh!! Nina I will be there to make things right.

#### Verse 1

Hold me like you never let me go  
And I will kiss you like I never did before.  
Can I take for a trip I will drive in my jeep.  
Can we go to Sheraton; there we have some fun baby

#### Chorus

#### Verse 2

I love that pretty smile from your face  
Your hug and caressing give me warm embrace  
Shake that ding-dong for me  
As we walk along the sea baby.

#### Chorus

#### Verse 3

She is my queen; she is my true heart desire  
Her love is like a burning fire  
So soft like a lily inna the valley, she is the one I admire  
I got sweet roses on my bed with some nice incense I  
run the fire red  
I need you baby my only remedy  
Come fulfil my wish and give me energy.

#### Chorus
