Time just keeps slippin
Through my fingertips
And I try to hold on
But my limbs break into bits
And as these days bleed to months
I don't know what I can do
But as the world crumbles down
I will hold onto you

Turn off the lights
One at a time
We'll be together for just tonight
Your hand in mine,
Turn the world on its side
We'll be forever the lonely ones

And all this time I spent
Chasing after you
The time awaited is upon us
And it's starting something new
We'll lie under the stars
As the earth plays with our eyes
Showing pictures that convince us
We are here, we're now, we're alive

Turn off the lights
One at a time
We'll be together for just tonight
Your hand in mine,
Turn the world on its side
We'll be forever the lonely ones

This refrain echoes on
And we rejoice in the sound
Our hearts will keep rising as
Our bodies fall to the ground
And the stars come together
With perfect harmonies
We'll resonate in the clouds
Let them stare with jealousy

Turn off the lights
One at a time
We'll be together for just tonight
Your hand in mine,
Turn the world on its side
We'll be forever the lonely ones
