Stare a million miles from here
It's evident that I'm too scared
To try and forget of the past and move ahead
I'll try again

Scared tryin hard just to forget
And I'll placate thought with self distress
Pleading cases to courts with deafened ears
Over again
Couple mixed drinks couple beers
And I'll forget you're not here
And oh...clear your taste out

There you walked away from here
Wait just one moment I swear
I'll make some sense of this tonight
Just one more time I'll sit alone
