Rest inside  
I think we're safe tonight  
When coming down  
You are so weird  
When you're raising hell  
For yourself  
I know  
You have not withered yet  
We have this time to cultivate

And I'm alive  
once again  
when you take your knife  
Off, off my skin  
we are the same  
and the light will come and save us all  
No more fear  
once again

Fists don't crave  
And can you leave your hate  
Or have you been too consumed  
when you're raising hell  
for yourself  
Well I know  
that's not all you have  
What about the things I gave

And I'm alive  
once again  
when you take your knife  
Off, off my skin  
we are the same  
and the light will come and save us all  
No more fear  
once again

And when you cast me out  
I'm floating like a feather  
But I know how to breathe  
And you're not there

You're not there  
You're not there

And when you cast me out  
I'm floating like a feather  
But I know how to breathe  
And you're not there  
You're not there  
You're not there
