Mr. Go Get It

Number one in China ain't never been to China

We in the studio! I'm high on this Monster.

Verse 1:

You're probably wondering what it is

But it ain't even really your biz

Ness

Unless

You ready to confess

Off your chest

Out the dress

And into some mess

Oh you know that Kayne Wess

DJ Khaled

œWe the Best

More;never less

And that's why I'm impress

She's a sexy mama

She's got karma

She might harm ya

But I don't really care

Cause it's never fair

She ain't got no underwear

Why do I trust you

Why do I lust you

Nick nack pattie wack

Girl I want to f*** you

Playin wit my time

While a playa on the grind

Give me the keys to the jeep

Before I really really hurt

Touching on my back

Girl, yeah I'm feeling that

Wanna tease me

Please me

Then you gonna leave

You crazy baby
Iâ€™m fresh like Mercedes
Cash money like
Birdman Baby!

I donâ€™t wanna
I donâ€™t wanna
I donâ€™t wanna
I donâ€™t wanna trust a llama

I donâ€™t wanna

I donâ€™t wanna
I donâ€™t wanna trust a llama

Innie Minnie Minee Moe
Catch a camel
And touch her toe
But if she drunk and she says no
She a thunder cat,
Thundercat

Could be your baby mama
Could be the one giving you

What's her name
Co co co como te llama

Double L-A to the M-A
What can I say

It brightens up my day
But if you solo or you gay
You ain't gonna get that llama
No way!

Double L-A to the M-A
She's warm like the month of May
But if you solo or you gay
Ain't gonna get that llama
No way!

Bridge:
Llama look good
Llama got goodie
Playing with the llama
Make me wanna buy the cookie
Llama so fly
But llama is a lie
Make me wanna get it
And fall in love
But you know
Iâ€™m playa sheâ€™ll treat you like a scrub
Wearing Applebottoms
Getting sexy in the club
Got the tootie fruity juicy hot like what
Got the juicy fruity tootie hot like what
Ladies with llama let me hear you say
If you got good llama let me hear you say
All my Gs want llama let me hear you say

All my playas want llama let me hear you say
Letâ€™s get it
Now drop it
Your left
Your right
Now show your draws
From the window to the wall!
