Hey girl don't bother me, hey girl don't bother me
Go away come back again another day don't bother me

I heard about you from my friends
The word really gets around
They say you broke the heart
Of every boy in town

They said you were out to cheat
They said you were just a little flirt
If I fall for you, surely gonna get hurt

Hey girl don't bother me, hey girl don't bother me
Hey girl don't bother me, hey girl don't bother me
Stay out of my arms
Don't try to use your charms
Don't bother me

But I've really gotta say
You look so fine
And you're so hard to resist
But I know I've got to stay away
For I might fall for you
And I don't want to be added to your list
So now I say
Hey girl don't bother me, hey girl don't bother me
Hey girl don't bother me, hey girl don't bother me
Afraid if I kissed you, I might not resist you
Don't bother me

Hey girl don't bother me, hey girl don't bother me
Hey girl don't bother me, hey girl don't bother me
Hey girl don't bother me, hey girl don't bother me
Hey girl don't bother me, hey girl don't bother me
