You love someone, but they don't love you
You give your heart, they make you blue
Cause you want someone, who's true to you
True love will come no matter what you do
(Chorus)

cause

Birds don't do what you want them to
Love only comes when it's ready to
Birds don't do what you want them to
Love only comes when it's ready to
I walked the streets, when I was alone
Cried deep inside, a heart with no home

Drifted away from the friends that I've known
But true love comes, with the love you've sown
(To Chorus)

A girl feels good when she finds true love
With the guy she's thinking of
True romance can make you feel alive
When the one you love is by your side
(To Chorus)

I feel alone when I'm not with you
And life is grand when it's just we two
You put the spice of life in me
You make me feel like I'm flying free
(To Chorus)
