If a tree falls down
Does it make a sound
If there's no one to see
And if I'm all alone
Everybody's gone
Then it's the real me
Right?
And if you found yourself
To be like no one else
Who would that no one be
And if you blew your cool
With life as an april's fool
The truth could be seen
Right?
Ain't no world in a grain of sand
No flowers to hold in our hands
Didn't got no million in prizes
The shoe didn't fit in none of the sizes
Pull down the shade on your window
Go paint it a smiling face
Lose yourself in the shadows like days

And everything is new and bright
Like vomit kisses on summer nights
A tooth for an eye an eye for tooth

A truth for an eye a lie for a tooth
They say
If there is a Beast
And your soul's diseased
Would you take its hand
If God don't love you
Just be a man
And be God damned
Oh won't you let it come
Say hi, the enemy of sun
Oh it's there just look deep within
Growing bigger with your feeble sins
Pull out your heart through the rib cage
Go paint it a smiling face
Leave a scarab in its place

Would you believe that the earth is hollow
And our path is the straight and narrow
Tooth fairies and Santa Claus
There's troll's blood in all of us
Would you believe that there's nothing more for us
No more hate
No more love
No fight and fuss
When everything is said, denied and done
Beyond the sun
