Should I release myself  
Let it run?  
Abide the reaction here  
For what's to come  
Well now, I've seen it all before  
It was unclear  
The mystic traveler's gone astray  
Been gone for years  
When I leave it all to go  
There's too many places I must stay  
When I leave it all to go  
Where there's such a race  
A better place, where my back is gone  
Well I can't stay long  
'Cause I have fallen

I've fallen for you  
Well I have fallen  
I've fallen for you  
Like Jacob's ladder  
And the Bellevue Estates  
Like nothing else matters  
Except the pain out of place  
Well I dreamed of an angel  
That doesn't exist  
Dreamed of hell in a bucket  
Dreamed of ancient mystery ships, hey hey
