When the whole world is sleeping I still lie up in my bed
As I came round to thinking that I don't want nobody
else

I want to be with you, it kills me to say
That I want to be with you, that is just the way
It's just the way now

[Chorus]

Sleeping with my back to yours
Back to back, and back to back we're stronger
Sleeping with my back to yours don't walk away don't
walk away

When the whole world is thinking that I must be
depressed
The point that they're missing is that I don't want
nobody else
I want to be with you, it kills me to say
That I want to be with you, that is just the way
It's just the way now

[Chorus]

Sleeping with my back to yours
Back to back, and back to back we're stronger
Sleeping with my back to yours don't walk away don't
walk away

Back to back and back to back [x2]

Back to back and back to back
We're stronger
Sleeping with my back to yours
Back to back and back to back
We're stronger
Sleeping with my back to yours
Don't walk away don't walk away
