Here we go again
On the cobbled streets of Paris we'll go dancing round
the square
And everyone will stop and stare at the lovers of the
night
Time has drifted on, but we still do it right

[Chorus]

Isn't it enough now that you know our chance is gone
To have you for tonight, you've had me all along
Isn't it enough now that you can hardly breathe
Oh just stay here, stay tonight with me,
Stay tonight with me

Well I've danced the floors of a thousand rooms
And I picked you up and it all felt new
What d'you think they're gonna do
If we chose to run and broke the rules

But you will never break them with me
Yeah you will never break them with me

[Chorus]

Isn't it enough now that you know our chance is gone
To have you for tonight, you've had me all along
Isn't it enough now that you can hardly breathe
Oh just stay here, stay tonight with me,
Stay tonight with me

I keep trying to move on, there's something in the way
You've had me for so long, and it's the way it always
stays
Trying to move on, there's something in the way

[Chorus]

Isn't it enough now that you know our chance is gone
To have you for tonight, you've had me all along
Isn't it enough now that you can hardly breathe
Oh just stay here, stay tonight with me,
Stay tonight with me

Here we go again
On the cobbled streets of Paris we'll go dancing round
the square
And everyone will stop and stare at the lovers of the
night
