The lights are frozen, see them spinning round my
head
Planets turning, but who's to say they're really there
Because illusions serve to trick my mind
And I just want to go out tonight,
I hate the thought of being here alone

But there's nothing going on down the streets
Now the bars have all shut down
And Suego Faults was just a dream
That I'm waking up from now
And I'd love to watch you spinning around
But I'm running out of time

The sky's been playing with kaleidoscopic i-ñres
Undulating, but I can't escape the feeling
That while I'm looking left and looking right
There's something missing out there tonight,
I never seem to i-ñnd what I desire

So I'll spill out under the frozen lights
And I'll waltz until I'm drunk
And if tomorrow the sun should rise a new day has
begun
But I spend my whole life spinning round, and never
moving on

Come on, i-ñght on
Here's what I'm telling you
Dream of love songs
It's all you'll ever do
Somehow you'll survive it
You'll go spinning on your own

Come on, i-ñght on
Here's what I'm telling you
Dream of love songs
It's all you'll ever do
Somehow you'll survive it
You'll go spinning on your own
You'll go spinning on your own

You'll go spinning on your own
You'll go spinning on your own
You'll go spinning on your own...
