Well you can fight it but you know that you won't get  
your way in the end  
Too many people, the King and all of his men  
And if you're dealing in a line of cards  
Won't you take me to the queen of hearts?  
And if you're trying to tear down what you see  
Pack up the stars before you come for me  
And if you're dealing in a line of fate  
Who's going to tell her the reason I'm late?

You took her soul, so incomplete  
Why don't you stop fighting me?  
You're in control so why should you be  
Fighting me? Fighting me? Fighting me?

How to be sure that what you say is the truth  
When I see laws in everything that you do?  
And if I'm passing a sentence on you  
I would give you the crown for a fool  
And now you've lost, there's nothing left to defend  
You came so close to the King and all of his men  
And if you're dealing in a trick of the light  
I need to see her face for one last time

You took her soul, so incomplete  
Why don't you stop fighting me?  
You're in control so why should you be  
Fighting me? Fighting me? Fighting me?

The King and all of his men  
The King and all of his men

You took her soul, so incomplete  
Why don't you stop fighting me?  
You're in control so why should you be  
Fighting me?

You took her soul, so incomplete  
Why don't you stop fighting me?  
You're in control so why should you be  
Fighting me?

You took her soul, so incomplete  
Why don't you stop fighting me?  
You're in control so why should you be  
Why should you be  
Fighting me?  
Fighting me?  
Fighting me?  
Fighting me?
