"My Dream"

We used to say that dreams could be so true
Where am I? What will I be?
It's my dream which I could share with you;
A new day for you and me
Just a smile with warmth in my heart
And go all the way,
There's so much in life
And I'll sing

This is my dream, I want to make it really happen
And make my dream come true!
This is my dream, I'll make it if I just believe it;
In a fairytale I'll live it
Just like a new born star!

Fly above like a sea-gull on the waves
And the sun will shine upon your face,
Just believe, follow your heart and make it happen,
Grow much brighter
And we'll say

This is my dream, I want to make it really happen
And make my dream come true!
This is my dream, I'll make it if I just believe it;
There is nothing that could stop me
I just want the world to know
This is my dream!
And I know that I'll be strong,
It will come true
Because I know I'll make it happen
This is my dream!
