When you drink hard  
You can always forget  
2 up 2 down  
Like when you fly the nest  
Let me think straight  
About 14 years of prohibition  
Then pour it out  
Join the institution

Less trouble  
Less expense  
More arguments  
More pretence  
On your own  
When you're on your own

How's that for a journey? All hills and dales  
No shops for miles: unless you raise the stakes  
Master and mistress of this season  
Listen to drum and bass  
Raw FM's going down well

Less trouble  
Less expense  
More arguments  
More pretence  
On your own  
When you're on your own
