Blink and you'll miss it
The time of your life and it's good for you
Goodbye commitment
It's a waste and easy to over do
Your next installment
That's what the call meant
You can tell by the pace of this game
The healthy are locked up being brave
It's what I keep telling you
One the capital. Two the slaves
Last till Thursday
Last till Friday

Never again, not you
You're the cheap inbases move
Oh you're just an interlude
Never again, not you
I'll just have to break it to you
Oh you're just an interlude
I'm never gonna give it to you.

You blinked, you missed it
It's not good enough, It's lamentable
You get the one chance at being young
Waste is unacceptable
Make out you're modern
Lift the downtrodden

Never again, not you
You're the cheap inbase's move
Oh you're just an interlude
Never again, not you
I'll just have to break it to you
Oh you're just an interlude
I'm never gonna give it to you.

Never gonna give it to you
Never gonna give it to you
Oh you're just an interlude
Never gonna give it to you
Never gonna give it to you

Never gonna give it to you
Oh you're just an interlude
Never gonna give it to you
Never gonna give it to you
Never gonna give it to you
You
You
You
You
