We can bring you wider walls
Into the nickelodeon your front room
If all you want is melodrama
With a beginning, middle and an end
With a beginning, middle and an end

We can bring you wider walls
into the nickelodeon your front room
But all you want is melodrama
With a beginning, middle and an end
With a beginning, middle and an end

Beginning, middle and an end
Beginning, middle and an end
Beginning, middle and an end
Beginning, middle and an end

Beginning
End
Middle
And an end
Beginning
End
Middle
End
Beginning
And an end
And an end
Middle
End
Beginning
Middle
End
Middle
Beginning
And an end
