I shoot the moon 'cause it I laughs at me.
And I find myself killing thoughts in me.
Was all of this really meant to be?
Is all of this a devils symphaty?
Once I got drunk, and I hit the floor.
And on the ground I can't take no more.
And everyting became clear to me.

Chorus:
The day that I met you.
The day that I met you.
The dream that saved me.
The day nothing mathers anymore.

I feel alive, and it's down to you.
I could do anything I want to do.
Now all of this was meant to be.
I feel lucky now, you're a part of me.

Chorus:
The day that I met you.
The day that I met you.

The dream that saved me.
The day nothing mathers anymore.

I called your name, and I be someone.
To make it last.
To make it feel good.
I called your name, and I be someone.
To make it last.
To make it feel good.
I called your name, and I be someone.
To make it last.
To make it feel good.

Chorus:
The day that I met you.
The day that I met you.
The dream that saved me.
The day nothing mathers anymore.

The day that I met you.
The day that you kissed me.
The day nothing matters anymore.
The day nothing matters anymore.
